

SCN Working Group on Micronutrients: Information Sharing Template for 2006 and Earlier Activities

Table 1: Demographic Information

Reporting Individual	Dr Brou-Tanoh Adjoba Marie
Institution/Organization	Helen Keller International – Cote d'Ivoire
Contact address (Email)	mtanoh@hki.org
Position	Country Directors
Department/Section	Country Office of Cote d'Ivoire
Major focus of activities	Programming/Interventions
Summary of activities	The project aims to provide 80% of children under 5 and women of reproductive age of the country with access to refined vegetable oil fortified with vitamin A, and fine corn flour fortified with folic acid and iron.

SCN Working Group on Micronutrients: Information Sharing Template for 2006 and Earlier Activities

Table 2: Measurement, assessment, monitoring and reporting micronutrient deficiencies

Geographic area(s) covered by this table	Country (COTE D'IVOIRE)														
Project Name	PROJET IVOIRIEN DE PROMOTION DES ALIMENTS FORTIFIES														
Supporting Agencies	GLOBAL ALLIANCE FOR IMPROVE NUTRITION (GAIN)														
Approximate # of beneficiaries	3 809 653 WOMEN OF REPRODUCTIVE AGE AND 2 849 869 CHILDREN UNDER 5 (2006)														
	Micronutrients														
	Iodine	Iron	Folate	Zinc	Calcium	Vit A	Vit B-12	Vit C	Vit D	Vit B-1	Vit B-2	Vit B-3	Vit B-6	Vit K	Vit E
Activities															
Prevalence Assessment		X				X									
A prevalence assessment will be conduct on the 1st semester of 2007															
Training/Capacity Building		X				X									
Staff of production and quality controls units of oil producers have been trained in 2006 and the same staff of flour producers will be train in 2007. Fortificants and reagents have been also offer															
Monitoring and Evaluation		X				X									
A data collecting system on plants, markets, bakeries and communication media will be implemented on 2007. Baseline studies on consumption and KAP have been conduct in 2006															
Analysis and Reporting		X				X									
Monitoring and evaluation system include dissemination at the National Fortification Alliance every 3 months															

SCN Working Group on Micronutrients: Information Sharing Template for 2006 and Earlier Activities

Table 3: Food Fortification

Geographic area(s) covered by this table	Country (COTE D'IVOIRE)														
Project Name	PROJET IVOIRIEN DE PROMOTION DES ALIMENTS FORTIFIES (PIPAF)														
Supporting Agencies	GLOBAL ALLIANCE FOR IMPROVE NUTRITION (GAIN)														
Approximate # of subjects or beneficiaries for each project described	3 809 653 WOMEN OF REPRODUCTIVE AGE AND 2 849 869 CHILDREN UNDER 5 (2006)														
	Micronutrients														
	Iodine	Iron	Folate	Zinc	Calcium	Vit A	Vit B-12	Vit C	Vit D	Vit B-1	Vit B-2	Vit B-3	Vit B-6	Vit K	Vit E
Commodities															
<i>Wheat</i>		X													
<i>Cooking Oil</i>						X									
Activities															
<i>Policy and Advocacy</i>		X				X									
A decree for cooking oil fortification on vitamin A and wheat flour fortification on iron and folic acid is being taking															
<i>Operational Research</i>						X									
A study on vitamin A stability in cooking oil in condition of use in Africa has been conducted															
<i>Communication Support</i>		X				X									
A strategy of communication will be adopted and implemented															
<i>Marketing Support</i>		X				X									
A strategy of social marketing will be adopted and implemented															
<i>Provision of Fortification Equipment</i>		X				X									
3 stakeholders of the project are acquiring new equipments for fortification															
<i>Provision of Fortification Supplies</i>		X				X									
Fortificants, reagents and small material have been ordering for production and quality controls in plants															
<i>Fortification Monitoring and Evaluation</i>		X				X									
A data collecting system on plants, markets, bakeries and communication media will be implemented on 2007.															
<i>Quality Assurance/ Quality Control</i>		X				X									
<i>National/Regional Program</i>		X				X									

SCN Working Group on Micronutrients: Information Sharing Template for 2006 and Earlier Activities

National system of external quality control will be conduct. Laboratory equipment vehicle and sample material have order														
Targeted Fortification														
Commercial complementary foods														
						X				X				
Cooking oil fortify in vitamin A and Wheat flour fortify in iron and folic acid														

SCN Working Group on Micronutrients: Information Sharing Template for 2006 and Earlier Activities

Table 4: Vitamin and Mineral Supplementation

Geographic area(s) covered by this table	Country (COTE D'IVOIRE)														
Project Name	VITAMIN A SUPPLEMENTATION														
Supporting Agencies	CANADIAN INTERNATIONAL DEVELOPMENT AGENCY (CIDA)														
Approximate # of subjects or beneficiaries	2 849 869 CHILDREN UNDER 5 (2006)														
	Micronutrients														
	Iodine	Iron	Folate	Zinc	Calcium	Vit A	Vit B-12	Vit C	Vit D	Vit B-1	Vit B-2	Vit B-3	Vit B-6	Vit K	Vit E
Activities															
Prevention Program						X									
Vitamin A supplementation of children under 5 and women in post partum during the NID's and in routine activities															
Treatment Orientation						X									
Vitamin A supplementation of sick children															
Supplementation project size															
National/Regional Program						X									
Supplement's Primary Distribution															
Through Public Channels						X									
Supplement's primary distribution on primary delivery care services															
Supplementation Monitoring/Evaluation						X									
Through national system of information on health															
Supplementation Targeted Groups															
Pregnant women						X									
Postpartum are supplemented twice with 200 000 IU capsule															
Children 6-24 months of age						X									
Children 6-24 month are supplemented twice per year															

SCN Working Group on Micronutrients: Information Sharing Template for 2006 and Earlier Activities

Table 6: Other Public Health Intervention Links

	Micronutrients														
	Iodine	Iron	Folate	Zinc	Calcium	Vit A	Vit B-12	Vit C	Vit D	Vit B-1	Vit B-2	Vit B-3	Vit B-6	Vit K	Vit E
Activities															
<i>HIV/AIDS</i>						X
